Tramway Faces Crucial Test April 9

Support of Local, State Groups Asked in Fight

By FRED C. WEIGEL
In a crucial test before the Assembly Committee on Conservation, Planning and Public Works, Assembly Bill 1361 asking for the repeal of the Mt. San Jacinto Winter Park Authority, will be up for a hearing at 3 p.m. in the Capital Annex building in Sacramento on April 9.

If passed, A.B. 1361 would destroy the more than 15 years of work to which some \$300,000 and untold manhours, voluntarily contributed, on behalf of the Tramway.

RESIDENTS AND VISITORS to Palm Springs have been waiting for the time when the huge aerial Tramway would be completed, for an opportunity to enjoy the beauties of California's high mountain country.

If the bill is not defeated, it will destroy the Tramway project and would thereby exclude many thousands of people who could not visit the area on foot or on horseback.

"PALM SPRINGS residents want the Tramway," Authority President Earl Coffman said today, "and their writing to their State Senator or Assemblmen will do some good, but we need more than that—we need their friends from throughout the state, state-wide organizations, and state leaders to oppose Assembly Bill 1361."

Already many state, county and civic organizations have drawn resolutions in opposition to the bill, including the California State Chamber of Commerce and State Hotel Association, Palm Springs City Council and County Board of Supervisors, the Palm Springs Republican Assembly and the Palm Springs Area Democratic Club—who have requested of their state organizations to do the same, the Coachella Valley Advisory Planning Commission, and many others.

Ainsworth Talk To Cover Early Desert History

Ainsworth, who is well versed in the historical background of Palm Springs, is being sponsored by the Society. He has chosen "Cactus and Cupcakes" for the subject of his talk.

CLEANER CLEANS UP WITH SUN CLASSIFIED ADS

Clean up with Desert Sun Classified Ads, the surefire sales media that makes "cleaning up" a pleasant chore.

At least, it turned out that way for Clyde Castrejon and his Desert Clean-Up.

Castrejon placed one five-line note in Sun Classifieds, and then had to stand back to avoid the rush.

"I've got so much work as a result of the ad that I had to hire more help," he said.

His ad? Just a simple thing that read:

No magic mumbo-jumbo involved, but you'll agree that magic are the results you get when you pick up the telephone, call The Desert Sun, 5005, and ask for "CLASSIFIED."

March Building Hits Million Dollar Mark, 72 Permits

Palm Springs building enjoyed a healthy upswing during the month of March as construction men called for 72 building permits valued at \$1,539,800. Total for the first three months is \$3,319,500.

The month's construction added 26 new dwellings and 162 apartment units to the city, as well as 14 new swimming pools. The village now numbers 1,299 pools among its inhabitants.

MARCH BUILDING was noted as a healthy change from the downward trend of the previous month, when permits totalled far less than \$1 million.

A breakdown of permit applications showed that Villagers set

Government Of Iran to Resign April 3

Related in Part to Slaying of 3 Americans

TEHRAN, Iran (UPI)—Iranian Foreign Minister Ali Gholi Ardalan told the United Press today that the government will resign Wednesday. The move is believed to be a result of the slaying of three Americans.

The government has not yet resigned," he said. "We are holding our final meeting Wednesday afternoon, after which we will tender our resignations to his royal highness, the Shah."

GENDARMERIE sources reported, meanwhile, that three of bandits believed to have killed the Americans have been slain in a fight with federal police near the Pakistan border in remote south-east Iran.

Although the slaying of the three Americans last week is considered the triggering action which set off the resignations, the underlying reason is the Shah's dissatisfaction with the nation's economic progress under Premier Hussein Ali.

ALA IS SCHEDULED to attend a memorial service at midday Wednesday for the three American victims of the brigands. They are Mr. and Mrs. Kevin M. Carroll, Issaquah, Wash., and Brewster A. Wilson, Portland.

They and two Iranian drivers were ambushed and slain while on a trip through the mountains of remote Baluchista, 800 miles southeast of Tehran, a week ago Sunday.

Police intervened when scuffles ensued among demonstrators shortly after the end of strike demands.

A mass conference of executive representatives of 40 labor unions involved in the dispute decided to order their men back to work on Thursday, one day after the three-man court of inquiry starts its study.

THE DECISION was made despite strong pressure from worker's delegations which assembled in front of the meeting hall to urge continuation of the stoppage until employers had granted the full claim of a 10 per cent wage increase.

The secretary left no doubt that the United States still desires some form of international control and operation of the Canal.

THE LABOR LEADERS, after a stormy meeting, adopted the back-to-work resolution on a card vote with 710,177 for and 449,162 votes against.

This means that a much smaller number of delegates representing that number of workers cast the actual votes.

Winners in all parade categories who have not received their ribbons and trophies were asked to pick them up at the Desert Circus office, 219 South Palm Canyon Drive.

Councilmanic Redistricting Report Set

City Planning Director to Tell Preliminary Results

Hy Ranes, city planning director, tomorrow afternoon is scheduled to deliver to the planning commission a preliminary report on the redistricting of councilmanic districts. The meeting starts at 3 p.m. in the council chambers.

The matter, which for the better part of five years has been before the city council, was a few months ago sent to the Planning Commission for "study and recommendation of new councilmanic district boundaries."

OTHER MATTERS before the commission Wednesday include a hearing on an application of the Palm Springs Water Company for a conditional use permit to erect a radio tower on the top of its building, located at 844 North Palm Canyon.

A hearing on an application of Theodore J. Danielson for a lot split in section 19 near the corner of Camino San Simon and Avenida La Evelita.

A HEARING ON THE application of Pat Martin to install lights at the driving range located on the south side of East Palm Canyon Drive.

Another hearing on an application by Royal Air Properties, Inc., will be held on a zone change from an R-1 to an R-3 zone.

UNDER NEW business, the commission will consider an application by Dr. and Mrs. Hugh Phillips for tentative approval of a subdivision plat in Araby Point Estates; an application by the Del Taquitz Hotel for architectural approval of new commercial front and the commission's determination regarding parking facilities; a request from Smoke Tree Investment Corporation for determination whether one gas pump may be installed at the car wash as an accessory use; a consideration of correspondence from Supervisor Curtis Chamberlin asking for land on which to construct county buildings, and the architectural approval for a store building on South Palm Canyon Drive.

The two companies are arguing against a petition by United Airlines to make Palm Springs a stop on a Los Angeles to Denver flight.

Mitchell pointed out to the council that Bonanza specialists in a connecting-type service which is what smaller communities like Palm Springs will have to rely on in the future.

BOTH BONANZA and Western are proposing flights stopping in Palm Springs, and connecting with major airline service both in Phoenix and Los Angeles.

The two companies are arguing against a petition by United Airlines to make Palm Springs a stop on a Los Angeles to Denver flight.

He said "our desert resorts are a boon to the people of the entire United States and a credit and source of revenue to the people of the district."

JUST A WEEK ago Congressman Saund sent a letter to the Council saying that he would do all in his power to stop military aircraft from flying over the community, causing disturbances and damage as a result of sonic explosions as the planes break the sound barrier.

"There is no connection whatever between my proposal and these urban disturbances," said the Congressman.

MICHAEL ADDED, "If Palm Springs wants prestige they should get United Airlines in here, but if they want service, Bonanza can bring in the people with money in their pockets and time to spend it here."

Major Florian Boyd said that the city was interested in one thing and that was "more airlines service." We want all we can get."

RIDER HALTS RUNAWAY IN CIRCUS PARADE

Good horsemanship and a calmness that goes with it, was credited to Terry Bennett of Desert Hot Springs, whose horse broke from the line of parade Saturday, and sped down the drive, without a bridle.

Spectators gasped as the horse raced down the Drive alongside the parade for better than a mile before being brought to a halt by the rider.

May Equal Disaster of Last Week

One Death Reported as Car Hits Plow

By UNITED PRESS

A new blizzard howled into the storm-battered Great Plains today and weathermen warned it may be "very similar" to last week's disastrous snowstorm.

It isolated scores of communities from high way traffic and cut dozens more off from all forms of communications.

Thousands were stranded as the depths piled to more than two feet with drifts much higher. Lower but still paralyzing depths were reported in other areas.

Airports were closed. Bus schedules were cancelled. Trains were running hours later.

THE BLIZZARD was expected to slam into western Nebraska and west and central South Dakota today. Heavy snow warnings were out for western Kansas and the Oklahoma Panhandle and provisional warnings were issued for eastern Wyoming and eastern Colorado.

The disturbance began Monday in southern New Mexico. It dumped 5 inches of snow at Lander, Wyo., during the night, 3 inches at Colorado Springs, Colo., and 2 inches at Cheyenne, Wyo.

THE STORM already was blamed for one death in Colorado. A motorist was killed near Georgetown, Colorado, when his car skidded into a snow plow.

Weathermen said spring's second major storm could rival the snowstorm that paralyzed transportation in 13 western states last week and caused at least 48 deaths.

In the East, another disturbance brought widespread rain and showers from the Mississippi Valley to the Atlantic Coast.

Hardest hit was Florida where up to 2 inches of rain swamped Tampa and Orlando in the past 24 hours. One-half inch of rain was reported at Altoona, Pa., during the night.

Forecasters said more rain was in store today over the middle and lower Mississippi Valley, New England, the Mid-Atlantic Coast and the eastern Ohio Valley. Rain, snow or drizzle was expected in the upper Mississippi Valley.

Governor Knight Proclaims This Week as Realtor Week

Theresa Press, president of the Palm Springs Real Estate Board, today received word from J. Mortimer Clark of San Francisco, president of the California Real Estate Association, that Governor Goodwin J. Knight designated March 31-April 6 as Realtor Week.

and obligations of Realtors, Mrs. Press announced. Special events will be held by the real estate board during the week, it was reported.

IN THE PROCLAMATION designating Realtor Week, Governor Knight said, "The story of California's growth is a never-ending one. Our state increases its population by 40,000 each month which represents the new births plus a tremendous immigration. Added to that figure are others which dramatically affect our way of life. This increase places strong demands on our housing, highways, schools, and transportation facilities. In most instances, it affects the members of our real estate profession.

"People demand homes, services, facilities, recreational areas, hospitals, churches . . . and all of the other features of existence that make our California way of life the finest on earth. The Realtors, by their conscientious devotion to the development of the various communities, are meeting this challenge with enthusiasm and foresight. Mindful of one of the fundamental heritages guaranteed to the individual under our constitution . . . the inalienable right to property ownership . . . the Realtors comprise the instrumentality through which land resources of the state reach their highest use.

"Because of the positive action that the Realtors manifest most effective through their Build American Better Program and because of their aim to wipe out slums and blighted areas, I urge my fellow Californians to recognize the week of March 31 through April 6, 1957, as Realtor Week, and to join me in offering our full support to the part they will play in the future of our state."

\$250,000 Damage Claim Rejected By Supervisors

A \$250,000 claim for damages filed by a Santa Ana firm of attorneys in behalf of a Blythe family of six brothers and sisters ranging in age from 11 months to 20 years for damages resulting from the death of their parents in an accident which occurred Dec. 24, 1956, in the Blythe area, was rejected by the board of supervisors this week on advice of County Counsel Ray T. Sullivan, Jr.

The accident site was described as on Second Avenue where it meets the C canal of the Palo Verde Irrigation District approximately one-half mile west of Hunter Boulevard.

The claim stated that the accident was due to negligence of the county in failing to heed notice of a dangerous condition and failing to post warning signs that Second Avenue was perpendicular to the canal and turned at the canal.

MOTORING CAN BE FUN:
JUST DON'T TAKE CHANCES

Facilities for the motorists who like to see America from the highways are improving every year. New, luxurious motor hotels are springing up everywhere. Eating places have also vastly improved in recent years. The air conditioning of motels and restaurants has added greatly to the enjoyment and comfort of motoring. New highways and by-pass routes around cities and towns are a great help.

Huge trucks and "homes on wheels" still fence-in the fellow with a little passenger car but even this problem is being relieved some with wider highways and extra lanes going up hills. There are more and more divided highways, which makes motoring a real pleasure; but the percentage is still small. Freeways are almost too good; one has a hard time keeping awake!

I've driven on almost all of the nation's freeways, except those around New York City. The newest one is the Sunshine State Parkway in Florida which runs north from Miami along the east coast about half way up the state. It eliminates over 100 signals, countless stop signs and more 35-mile zones than you could shake a stick at. They drive fastest on the Turner Turnpike between Oklahoma City and Tulsa; and the least used freeway is the West Virginia Turnpike.

Tips to Motorists

People who have not done a lot of cross-country driving will find that it

helps a lot to select routes carefully and make frequent inquiries. State routes are often as good as the "red" federal highways and more enjoyable to drive. Most highway maps have maps showing the principal streets in the large cities which helps to pick out by-pass routes.

It is also a good idea to get newspapers every day and watch weather reports. Quite often that will avoid getting into serious storms like the blizzard that trapped so many motorists in Texas and New Mexico recently. The weather reports are quite reliable as a rule and it pays to stay out of areas where severe storms are forecast.

It is wise before starting out to have your car carefully checked. Remember that an automobile which runs fine around town may give trouble on the grind. The same is true of tires. Lots of trouble—and even a possible accident—can be avoided by making sure your car is in proper condition for a long drive.

Play It Safe

The three most important driving rules are 1) Watch your speed, specially on long stretches where you are inclined to drive too fast. 2) Don't take chances when passing — make sure you have plenty of room, or wait a better opportunity. 3) Avoid driving strange roads at night.

Remember also to stop driving immediately if you get drowsy. You can't afford to "sleep on the job" like the boys in a service station which we passed—on which a sign read:

"We doze but never close."

HOLMES ALEXANDER:

Is Foreign Aid a Bad Seed?

WASHINGTON, D.C. — It's approximately 10 years ago this spring that I commenced this syndicated column, and maybe its anniversary remorse that makes me resolve to stop being so ornery and non-constructive. For several days past I have been walking in the shoes of penitence to places where somebody can show me something good about foreign aid.

One place is the office of Congressman Walter Judd, (R-Minn.) an air-minded and unimpeachable scholar who believes that money spent on foreign uplift is well spent in American self-interest and self-defense.

TO KNOCK FOREIGN aid from the budget, says Dr. Judd, would necessitate hiking the \$72 billion to \$80 billion or above. Abolition of aid, says this one-time medical missionary to the Far East, would turn over "one-third of the world" to the Reds. Yet he admits:

"It is indisputable that there is an incredible waste in the aid programs."

Yes, but a wicked whisper makes me ask whether this "incredible waste" is incidental or inherent to foreign aid? Can we cleanse it? Can we change it? Among the classical examples of futility are trying to wash the spots off a leopard and trying to reform a "Bad Seed," this term being current Broadway jargon for an incorrigible child-monster.

AFTER YEARS OF lend-lease aid in wartime and unceasing postwar aid to old friends and former enemies, a non-constructive but inevitable question remains: Is bureaucratic giveaway on a par with leopard-bathing and Bad Seed coddling?

PART II

The last column told the story of the present growth of population throughout the world, approximating at this time 40 million annually, and increasing constantly.

It also pointed specifically to some of our fringe countries of the type of ancient civilization that had passed into a state of social retrogression, and to other countries which had never come within the pale of civilization, and when the appetite for scandal was thoroughly whetted, break it off with "April Fool!"

Made some people mad. But that's the way the calendar falls. No paper April 1, 1957.

WE MENTIONED the sudden growth of population in the European countries that occurred in the 18th and 19th centuries, but in these countries there were vast empty land masses with rich soil, ready to absorb Europe's surplus populations.

There are no such empty spaces in Europe today, nor are there any in the underdeveloped countries, except perhaps in the jungle masses along the Equatorial regions where the presence of moisture has allowed the tremendous growth of vegetation. These latter areas are very inaccessible, and eventually will have to be cleared to provide land to grow food.

IN OUR PRESENT era of scientific development, engineering has permitted the drainage of vast areas of land. We have also acquired a knowledge in our medical programs to control and eradicate infectious diseases. It takes only a mere handful of men to go into an area of much disease and high death rates, and to effectuate such disease eradication, a marked improvement of health and a sudden dramatic saving of life, with the consequent drop in mortality.

We have also exposed the peoples of the world in these underdeveloped areas to our abundance of life, with its adequacies of food, clothing, and shelter. We have traversed their countries, and they have seen these evidences in our moving picture films, and in the liberal way we

WEEK AGO TODAY, on the eve of the 21st Desert Circus, I commented that I was going to miss one phase of the event which used to be a big feature—the Vanities, later Insanities.

Melba and Frank Bennett played a big hand in those shows. She put them together and he disrupted them. Give away gifts to prominent visitors and to Villagers. Such as bales of hay, sacks of lawn enclosures, burros, too.

EVERY DAY I GOT a gift one year. During the time I was campaigning, then apparently fruitlessly, for the return of benches to Palm Canyon Drive.

At one of the shows, then staged at the Tennis Club, I received a brightly painted green bench from Mr. Bennett.

Wonder what became of it.

Having no pick-up truck handy, I had to leave it there.

THE CASHIER in a local establishment handed out checks to the employees two days early last Friday.

Told his boss:

"This is Desert Circus weekend. They're all broke. We had better pay them today or I'll have a drawer full of IOU's by Friday night."

But when they looked into their wallets last night—"April Fool!" And he has a drawer full of IOU's.

You call this ideal working conditions? . . . The over-crowding we have to put up with when we go out for a coffee break! . . ."

EARL WILSON:

Como Ribbed, Says 'Thanks'

NEW YORK—Perry Como's a guy you could never get into a tax.

But he climbed into a new one to face the kidding the Friars club gave him at a "Man of the Year" dinner. A lot of us who cry sort of easy got misty-eyed when Broadway and Madison Av. quit needling him and poured out their love for "Per."

"Speedy," Phil Silvers, the m.c., called him.

He accepted the invitation to the Friars dinner because he thought the Friars were a branch of the church," Phil said. (It's a theatrical men's club.)

"SLEEPY TIME GUY, You've Turned Your Naps Into Pay," said Ray Bolger. Somebody claimed he starts his rehearsals with a half-hour coffee break.

Gisele MacKenzie, Patti Page, Edward G. Robinson and others helped imply that the ex-barber (who needed a haircut) was snoring through the Waldorf dinner.

"Mr. Como, I'm not too crazy about you—how would you like a rap in the mouth?" asked Comic Joey Bishop for a change of pace.

"The reason he's relaxed is he likes to drink and chases the broads and stays out all night—that's why he's tired!" exclaimed comic Buddy Hackett—and comic Jack E. Leonard told him, "I leave you with two words—Bing Crosby."

THAT'S PART OF the customary spoofing by the Friars and other Yankees . . . Jack Warden's fine job in "Bachelor Party" won him a Hecht-Lancaster contract . . . The McClellan Committee will investigate the Teamsters Union setup at N.Y. racetracks.

Spellbinder Danny Thomas wound up with some Toledo, O., philosophy, saying, "Perry, I feel you have been touched by the hand of God. May you always feel that touch."

After which Perry arose, crumpled a paper bearing some jokes, and, in a few sober words, said "Thanks." The dinner was held on a Tuesday instead of the usual Sunday because Perry always spends Sundays at home in the country with his family, and he wouldn't give up Sunday even to be "Man of the Year."

THE MIDNIGHT EARL . . . Sid Caesar's refusing NBC's offer to do one show a month next year. Wants more . . . Steve Cochran, in town, recalled when Sam Goldwyn once told him, "This movie, we'll do the retakes first" . . . Actors' Equity's investigating the charge that tall

showgirl Julie Newmar kicked and scratched when the "Li'l Abner" stage mgr. barred her from her dressing room for habitual tardiness.

Gagsters claim the next Frank Sinatra song'll be titled, "Honest, I Stayed in the Car" . . . Supper-singer Tony Bennett's building a \$90,000 Japanese-style home in Tenafly, N.J. . . . "Take it easy!" the docs warned veteran actor Sidney Blackmer . . . "Fair Lady" composer Frederick Loewe'll ask a divorce . . . Mamie Van Doren's carrying on with her publicity sked here though ill.

HEDY LAMARR's temperament warmed the "Story of Mankind" movie set . . . Billy Eckstine and Sarah Vaughan are a long distance phone romance . . . Tab Hunter walked out on "Darby's Rangers" . . . Bill O'Dwyer's in town . . . Pat Boone may not play his Paramount date—picture commitments . . . Sexy Martine Carol's new film with Charles Boyer is, "Nana."

Eugene O'Neill's widow has \$3,200 invested in his "Long Day's Journey Into Night" . . . Charles Laughton and Julie Andrews got a sneak preview of the Odditorium . . . One of the most famous ballplayers may land in court—he still hasn't paid for his wedding photos . . . Mary Martin's taking ballet lessons for her next B-way show.

A future "Sgt. Bilko" show will have Casey Stengel, Yogi Berra and other Yankees . . . Jack Warden's fine job in "Bachelor Party" won him a Hecht-Lancaster contract . . . The McClellan Committee will investigate the Teamsters Union setup at N.Y. racetracks.

EARL'S PEARLS . . . A local man says his home town was so dull it didn't even have a depot: "We used to have one, but there was nothing else to do, so we whittled it down."

WISH I'D SAID THAT: With all those Academy Award nominees, Al Hibbler figures March comes in like a lion and goes out like a ham.

TODAY'S BEST LAUGH: A guy complained his little green sports car is a problem. Every time he stops at a corner someone drops a letter in it.

Ryunenesque Joe E. Ross of the "Sgt. Bilko" show, signing with Paramount, said, "If I get the girl, you'll know it's a science fiction movie." . . . That's earl, brother.

MIKE CONNOLLY:

First Tiff Reported

HOLLYWOOD — Fox will film "South Pacific" in Hawaii in both Todd-AO and CinemaScope

and wants an actress other than Juanita Hall for the Bloody Mary role . . . But Rodgers & Hammerstein are holding out for Miss Hall, who originated the part on Broadway.

Susan Hayward returns to Hollywood from Georgia, her new home, for Easter . . . Grace Kelly's suspension from her M-G-M contract, during which period she's off salary, runs out in October. After that, she'll be a "free agent."

PRINCESS GRACE and Prince Rainier had their first tiff, over a trifle: she wanted to go to Monte Carlo's big social event of the year, the dressy Rose Ball; he said it wouldn't look right to do so before the Cathedral service giving thanks for the birth of Princess Caroline . . . A palace official said, "It was only a fleeting event" (not "argument," mind you—"Event").

Diana Barrymore fell off the picture: it's full of commercial plugs. I counted Lux, L&M Cigarettes, Servel, Toastmaster, Arrow Shirts, Bermuda shorts, Coca-Cola, Pabst Blue Ribbon, Canada Dry, Old Smuggler Scotch, Camel's, and then I quit. For each of these, of course, the producer gets a payoff. But it's getting to be Too Much in some of the pictures I've seen lately and I wish they'd cut it out.

WATCH MISS JONES—her ex-pressure hands, her blank face with terrible things happening behind the mask. She's something like Bette Davis but she's giving us something new. Watch this gal FEEL what's happening to her, rather than act it, and you'll realize that there are still some actresses who can register ravenous vitality without becoming noisy horses. Fine acting.

I have one quibble with the picture: it's full of commercial plugs. Diana must have been WAY off when she dictated those canards about her family to Gerold Frank for her biography, "Too Much Too Soon." Whether her father, the great John Barrymore, was saint or sinner, drunk or demigod, there was no excuse for holding the great name of Barrymore up to public ridicule.

TV TOPICS—On top of his regular show this week, Red Skelton is turning up in three old MGM movies in Los Angeles—"Whistling in the Dark," "The Ziegfeld Follies" and "Ship Ahoy"—so if you aren't catching the ol' Redhead somewhere on your TV dial you're just not twirling the knob!

Desi Arnaz looked his "I Love Lucy" sponsors right in the eye as he told them his price each for next season's hour-long "Lucy" shows is \$350,000. General Foods and Procter & Gamble, already unhappy because of the Desi-Lucy switch to a monthly format, stared right back and said, "Nothing doing." So this gives Ford the chance it's been waiting for to latch onto "Lucy" to introduce its new Edsel model.

What with all these actresses getting their heads shaved (including Zsa Zsa Gabor), the hard-working stars in the studios these days are barbers!

You call this ideal working conditions? . . . The over-crowding we have to put up with when we go out for a coffee break! . . ."

CofC to Hold Community Breakfast Rally Thursday

Palm Desert Chamber of Commerce will hold a Community Breakfast Rally Thursday morning at the Shadow Mountain Club to discuss three items of major importance to the future growth and welfare of the area, President Hal Kapp announced today.

Items up for discussion are:

1. Desirability of promoting small conferences and conventions in the Palm Desert area for the stimulation of business for the hotels and every other retail business, especially during the so-called "off-season periods" of October, November, April, May and June.

2. The desirability and vital

need for a community auditorium, which Kapp termed as "long overdue."

Besides being a community necessity, it is felt that it can be used to advantage for the stimulation of business, he added.

Big Top Ball Is Colorful

Kleig lights, barkers and dancing girls, clowns and peanut vendors lent a circus atmosphere and drew a crowd of onlookers to watch the arrival of the costumed guests attending the Big Top Ball at Chi Chi on Friday night, and indoors the Starlite Room was a colorful scene. Palm Springs hats, be-ribboned and be-flowered decorated the dinner tables and gaudy golden hats were used as wall decorations. Balloons of many colors heightened the circus effect.

Around 450 were there for the Big Top dinner, and the Starlite Room and bags were filled for the show, which featured Liberace and the Metropolitan Opero singer Jean Fenn.

Mrs. Lester Selig, wearing a hat that was a huge 21st birthday cake, won the prize for the most original costumes. Jan King, Villager and Bob Hope's script secretary won the award for the most novel. She wore a parasol hat topped by a ferris wheel, monkey earrings, and her gown was decorated with toy animals, including an animated gorilla which lighted up and waved its arms. Her escort was Charlie Tanner, who wore western clothes.

Waltah and Gretchen Clarke were other prize winners and were sensational, dressed as a white Harvey-sized rabbit and a very tempting-looking carrot. Mrs. Claude Valeur and Jake Friedman of The Sands hotel in Las Vegas received the western costume prizes.

Serving on the judging committee were Bill Bassichis, Preston Estep and O. E. L. Graves.

Helen Kenaston, Barbara Hinkle and Ruth Mansau came as the Cherry sisters. In this same party were: Jack Kenaston, Barney Hinckie and Lou Mansau as clowns; Ernest Breech in a white Thunderbird suit, and Thelma as a Flora girl; Bob Breech in pink long tail suit and his wife as a chorus girl; Kent Hayes as a diamond clown and his wife wearing a sari and a snaked rolled into a turban effect.

Mrs. Gus Kettmann wore an attractive clown outfit with white painted face. The Earl Hendersons wore matching western outfits of white satin trimmed in gold and the Al Roses wore handsome western garb. Mrs. Glenn Austin was a lion tamer.

Dr. Samuel Salinger came as a pesh and Mrs. Salinger as a harlem girl. Howard Morris was in western wear and Mrs. Morris was in an elaborate circus girl costume. Mrs. Salinger and Mrs. Morris were co-chairmen of the ball.

The William Reichels, Ed Houghton, Ernie Youngs, Preston Esteps, Bill Groves were all at the El Mirador table and all in western garb. Commander Reginald Venable and his wife Fay Bainter were at the ball with their house-guests Dr. and Mrs. Leonard Markson of Milwaukee.

The Frank Berings, in Hawaiian clothes were with the Ed Rothbarts. The Tom Flemings, just back in the Village, were with the Billy Maloufs. With the Graham Dexters were the Jesse Uengers and Mr. and Mrs. John R. Jacobs Jr. (attorney for Liberace).

Also in the gala crowd were Circus Week Queen Natalie Wood, King Bob Wagner, High Sheriff Ray Ryan, John Carroll, Lillian | court.

CO-CHAIRMEN of the Big Top Ball chose circus costumes to wear to the Ball. Dorothy Salinger on right and Kay Morris on left. (Desert Sun Photo).

Luncheon Decor In Desert Hues

Terrace dining room at Oasis Hotel was the setting for a prettily decorated luncheon given by Mrs. Lee Strickfadden and Mrs. Yancey Bressie. Flowers were in desert hues of purple, pink and white flowers and place cards were miniature painted desert scenes.

Places were marked for Mmes. Duke Blezard, Frank Wellens, Wendy Grew, Jack Frost, Clarence Weigo, Norton Neprude, Kitty Freese, Walter Holman, Fred Ananson, Charles Strickfadden, Floyd Miller and Beth Holt.

From the dining room the guests could look over the Oasis' beautiful gardens, which now are in full bloom.

Plastic Carpets Come to Market

A new plastic carpeting that resembles broadloom now is on the market.

The carpeting — called "floraweave" — is made of vinyl plastic with a cushion felt base. It has an embossed floral pattern and comes in five colors — red, green, beige, mushroom and gray.

The first store to feature the carpeting (Macy's) said it is cheaper than most other carpeting, is washable and waterproof. It does not need waxing and will not crack.

Omelet Combo Uses Oatmeal

NEW YORK — Eggs for breakfast or oatmeal for breakfast which shall it be? You'll find these two favorites can be combined in a tasty omelet.

To make, beat together 2 eggs, $\frac{1}{2}$ cup milk, $\frac{1}{2}$ teaspoon salt and $\frac{1}{2}$ cup rolled oats, quick or old-fashioned.

Pour into a hot frying pan containing 1 tablespoon of melted shortening. Cook over low heat. Remove the cover and place under the broiler until the top is golden brown. Fold in half, cut and serve two.

Roth, and many more socialites, celebrities, Villagers and visitors. Sheriff's deputies were all through the crowd selling the Palm Springs hats and handing out subpoenas for the Kangaroo Ray Ryan, John Carroll, Lillian | court.

Easter Party Honors Twins On Birthday

Easter came a little early to the home of Dr. and Mrs. Wayne Huffman at 2224 Desert Palm Drive, when Mrs. Huffman entertained at a birthday party Friday afternoon for her two-year-old twins, Mark Alan and Marcy Ann.

Easter bunnies spilled all over the house and delighted the little guests who helped the twins celebrate.

Enjoying the decorated cup cakes and ice cream were Douglas Miller, Mark Wasserman, Michell Ranes, Glen Wexler, Terry Lyn Ellis and the twin's older brother Jeff.

From the dining room the guests could look over the Oasis' beautiful gardens, which now are in full bloom.

Hosts Party For Meachan

Paul Herrick of 350 Ridge Road, entertained at a cocktail party Saturday evening in his hilltop home in honor of his houseguest Jerry Meachan one of the famed Lancasters who appeared in the Village recently and who are opening in San Francisco Wednesday evening.

Among the guests were Ray Blumenthal, Stevie Foster, Eleanor Rohrback, Betty and Cedrick Fields from El Monte, and Dr. James C. Doyle from Newport Beach.

Dip and Decorate For Fancy Cookies

A "dip and decorate" idea is an easy way to make fancy cookies in a hurry.

Use baked cookies or any shape you like. Dip them into a semi-sweet chocolate frosting, scrape off excess from back of cookie on edge of bowl, and let set on waxed paper. Sprinkle with trimmings if you wish. Keep frosting in a bowl over hot water as you work so it will not thicken. This saves spreading frosting with a knife.

To make the frosting, melt one six-ounce package (1 cup) of semi-sweet chocolate over hot, not boiling water. Add 1 cup sifted confectioner's sugar and 1-3 cup evaporated milk. Beat until smooth.

BARKERS AND DANCING girls outside Chi Chi the other night helped draw the crowd that assembled to watch the gaily costumed merry-makers arriving for the Big Top Ball. The barkers are Ray Corliss and Jimmy Cooper and the dancing girl is Maxine Gerhart. (Desert Sun Photo).

COSTUME WINNERS at the Big Top Ball, included, left to right, Jan King, Waltah Clarke and Mrs. Lester Selig, who's wearing a birthday cake hat. Mrs. Clarke, who accompanied her husband, was

dressed in orange as a carrot. Miss King's outfit included an animated gorilla that lighted up and waved its arms. (Desert Sun Photo).

Eisenmans Host Brunch On Sunday

Tables were set up under shade trees and umbrellas for the Sunday brunch which Mr. and Mrs. William Eisenman gave at their Hermosa Place home.

They entertained around 150 persons at the brunch which they host each year in honor of the national officers of the American Society of Metals, of which Bill Eisenman is secretary.

The chuckwagon dispensed hot cakes, sausages, ham and scrambled eggs, for the al fresco affair and guests ate at tables that were decorated in a desert motif, with rocks and flowers and cacti, stage-coaches and Indians.

There was music by Johnny Boyle, Ace and Deuce Spriggins and Tony Francini, and Tani joined Johnny in singing, while their daughters Linda and Patty danced.

Cliff Henderson in a Chinese costume did some amazing feats of legerdemain, producing baby chickens and a white rabbit, apparently out of thin air.

Among the officials on the guest list were Mr. and Mrs. G. M. Young of Montreal, Quebec, Mr. and Mrs. Clarence H. Lorig of Columbus, Ohio, Dr. and Mrs. Harley Wilhelm of Ames, Iowa, Mr. and Mrs. G. M. Fisher of St. Louis, Dr. and Mrs. Carl Wartz of Hinsdale, Illinois. There were numerous guests down from Los Angeles, including former Villagers the Kenneth Colburns.

Palm Springs included the Burnham Bigelows, George Wheelers, Ted Charleslons, Mrs. Bertha Simmons, Mrs. Anne Gouger, Dr. and Mrs. William McBride, the Thomas Hollands, Laurena Heple, Howard Morris, Mrs. Sydney Schiff, Carl Betchers, Mrs. John Blish, Dr. and Mrs. Robert Morrey, and more.

Coffee-Coated Party Pecans

Coffee-coated pecans help solve the problem of what to serve as a beverage accompaniment at parties.

To make, combine 1 cup of sugar, $\frac{1}{2}$ cup of water and 1 tablespoon of instant coffee in a saucepan. Cook over low heat, stirring constantly until the mixture comes to a boil. Continue cooking until a drop forms a ball when dropped in cold water. Pour the hot syrup slowly on the contents of 2 cans (1 cup size) pecans and stir until the nuts are coated evenly. Place on a rack to dry.

Kangaroo Court Maintains Traditions of Old West

Kangaroo Court Saturday afternoon drew a crowd to Chi Chi Starlite Room where a full program of entertainment awaited them and Judge Leo Field's court netted close to \$900 for Desert Circus Week's charity fund.

Sheriff's deputies rounded up victims including Mrs. Ed Leshin, Ralph Wilcox Taylor, Elsinore Major, F. J. Cobb of Elsinore, Elton Thurston (who's husband is head of Western Hotels), Mr. and

Lettuce Labeled Almost Worthless

Lettuce, contrary to parents' admonitions to balky children, does not produce curly hair, long eyelashes or white teeth. As a matter of fact, it's almost worthless, says one expert.

"Lettuce is nearly 100 per cent water, contains no vitamins and is almost worthless as a food," said Dr. Robert S. Goodhart, scientific director of the National Vitamin Foundation. During a recent visit to the University of Michigan, Goodhart added that the chief value of lettuce is as a "dressing."

The greens that are especially nutritious and full of vitamin C are endive, dandelion greens, cabbage and watercress, said Goodhart.

Goodhart also discounted the impression that canned foods have lost much of their vitamin content. They really have more vitamin C than fresh and frozen foods, he said.

"Canned foods are picked ripe,

are canned immediately following picking and little of the vitamin C is lost in preparation," Goodhart said. "But with frozen foods much vitamin C is lost in preparation, storage and transporting. And the uneven temperatures frozen foods are exposed to also hastens vitamin C oxidation."

Vitamin C is essential for the well-being of the body blood vessels and it strengthens the adhesives which weld the cells together, Goodhart said.

"The vitamin is difficult to preserve—since it is quick to oxidize food," Goodhart said. "To keep it in frozen foods, the package must be kept at six degrees below zero centigrade and this is virtually impossible for merchandizers to do, much less the processors, packers and transporters."

Bookworms To Weekend In Village

Bookworms of the Assistance League of Los Angeles will have their annual weekend in Palm Springs this coming weekend, with around 35 couples expected.

Mrs. Cranston Casy is president of the philanthropic group, which numbers 100 members. The League's project is selling Christmas cards to raise money to support the Girls Club of Hollywood. It was founded about 18 years ago by Mrs. John Stauffer, a Palm Springs resident. Palm Springs members of the League include Mrs. John McClure, Mrs. Edwin Fallgren, Mrs. Dolph Oberge, Mrs. Belmont Sanchez, Mrs. Joseph Froggett, Mrs. Earl Pound.

The program of entertainment includes a luncheon at Howard Manor on Friday. On Saturday the group will gather at the McClure home on Mesquite for cocktails preceding dinner at the Tennis Club. Sunday they will be guests of the Fallgrens on Santa Rosa for cocktails and then go on to El Mirador for brunch as they did last year.

Weekend houseguests of the McClures will be the Charles Carrs and Leonard Lyons, and the Fallgrens will have as their guests Dr. and Mrs. Reuben Larson, the George Barracoughs and Mr. and Mrs. Donald Ayers. The Reginald Coughneys will be guests of Dr. and Mrs. Pound. The Tom Malous and Miss Emma Nassour will be at the Williams Malous home on Via Las Palmas. The two women are members of Bookworms and sisters of Mrs. Malouf.

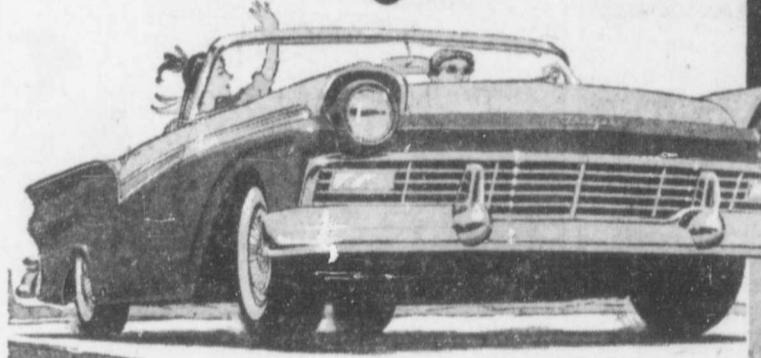

Costly, Unusual Floor Covering

Pave your floors with cash—if you have it.

A tile manufacturing company has come out with a vinyl floor covering which holds the real coins.

The tile—called "polkatile"—has colored polka dots the same size as nickels, dimes, quarters and half-dollars. The dots are removable so you can substitute money. There's just one catch. The company provides the polka dots not the money.

TODAY'S SPORTS PARADE

MIAMI — Former world heavyweight champion Gene Tunney went another fast round with Shakespeare today and the present day fighters lost a one-sided decision.

"The present eye sees the present object," Tunney intoned, adding with kindly concession "That's from Shakespeare, y'know."

This, he explained, fully sums up a current tendency to concentrateistic adulation on modern performers and overlook the old timers.

"But actually," asserted the man who took the title from Jack Dempsey in 1926, "the old timers had much more finesse and ring generalship."

He then proceeded to head his all-time heavyweight champion parade with four old-timers: placed "Sugar Ray" Robinson no better than fourth among the all-time middleweights, and predicted that Rocky Marciano would not make a comeback but if he did would "quickly" knock out Floyd Patterson.

Dempsey would have to be the all-time tops in my book followed by John L. Sullivan, Bob Fitzsimmons, Gentleman Jim Corbett and Joe Louis," Tunney said.

It must be pointed out that modesty forbids Tunney to rank himself but, considering the fact that he twice defeated Dempsey, the current day crop stands no better than sixth in his private mind.

"I put Corbett ahead of Louis because I believe he would have outsmarted Louis," said the florid-faced Tunney, who still looks

Record Set by Race Entries

140 Fast Cars to Compete at Airport Here

Nation's Leading Sports Car Pilots Seek Local Prizes

Enthusiastic response has greeted the 12th annual Palm Springs Road Race, scheduled for next Saturday and Sunday, with an unprecedented entry of 140 sports cars having been listed for the two-day speed fest.

Race Chairman, Lindley Bothwell, of the sanctioning Sports Car Club of America, reports that this is a new high mark in entries for the desert race. Among the entries are some of the finest amateur sports car drivers in the world.

There are those who might find this statement suspect on consideration that Greb was the only man who defeated Tunney. That was one which the Shakespeare-quoting Marine subsequently reversed, incidentally.

As for Patterson, Tunney takes a dim view of the current heavyweight champion's lack of experience and top flight opposition.

"Certainly he isn't experienced enough for anyone to even start comparing him with the great heavyweight champions," Tunney analyzed. "And arriving at the top so quickly figures to work against him more than help him. Because now he loses the opportunity to obtain the experience which only frequent action can give a fighter. If Marciano should make a comeback, which I doubt, he would be too strong and have too much experience for Patterson and knock him out quickly."

Carroll Shelby, last year's National Champion in SCCA final point standings, is the early favorite, in spite of his relatively slow start this season. At the recent Sebring races in Florida, Shelby's car was disqualified by the officials for an infraction of the re-fueling rules, Palm Springs will give him a chance to redeem himself since the Spa course has long been a favorite of his.

Californian Phil Hill and Shelby staged one of the most thrilling duels ever seen in West Coast sports car events at the last Palm Springs race with Shelby being the ultimate winner. In that case, Shelby's Ferrari simply out-powered Hill's Ferrari.

OTHER TOP DRIVERS from the West Coast will include Lou Brero from Arcata, who finished fourth at the Sebring Races; Ken Miles from Hollywood who finished ninth at Sebring; Sterling Edwards, wealthy sportsman from San Francisco, who will drive a Ferrari, "Robbie" Forbes-Robinson who will drive a Lancia Aurelia Sedan, and Bill Murnay, Culver City auto dealer, in his high-powered Buick Kurtis roadster.

The race program at Palm Springs will also include a Ladies Event of 10 laps. Red hot threat in this event, as always, will be Betty Shutes in her red Porsche roadster. Also included in the program will be a special event for vintage cars in which all the entries will be supplied by Race Chairman, Lindley Bothwell, who collects these ancient autos as a hobby.

The orange and citrus trees have welcomed spring by bursting full bloom and the perfume wafting over the pool is so delightful, that everyone is taking advantage of the sunshine, just being lazy and soaking up the sunshine.

Capt. and Mrs. Jack Eakin and Alberta Johnson left for Oregon for a short trip.

School Opening For Next Year Set on Sept. 16

Fall opening for the Palm Springs schools was set for Sept. 16 with the adoption of the 1957-58 school calendar by the Board of Education last night.

The new calendar, providing for 177 teaching days, eliminates certain holidays previously observed.

DAYS ELIMINATED, because of the short school year, were Veterans' Day, Nov. 11, Lincoln's Birthday, Feb. 12, and Memorial Day, May 30.

However, School Superintendent Wallace Muelder said that suitable exercises will be carried out at district schools to commemorate the special days.

VACATION PERIODS were listed as Nov. 28 and 29, Thanksgiving Day; Dec. 23 through Jan. 1, Christmas and New Year holidays; and April 2, 3 and 4, spring recess. School is scheduled to close on June 6, 1958.

Invoking its discretion, the board declared that because of climatic conditions, the schools must open as late in the fall and close as early in the spring as possible.

"California taxpayers, look alert: April 15, the final date for filing State income tax returns, is approaching" was the warning today from Robert C. Kirkwood, chairman of the Franchise Tax Board.

"The Board is extending every possible cooperation to the taxpayer," Kirkwood said. "Now is a good time to obtain help in filing your return. Board Auditors are now in a position to assist taxpayers who want help—but because of the last minute rush, such help may not be available as we come closer to April 15."

State income tax returns must be filed by anyone who was single at the end of 1956 and who had an income of \$2,000 or more, and those married individuals who had a combined income of \$3,500 or more, must file 1956 returns.

Help in preparation of your return may be obtained at the office of the Franchise Tax Board, 1522 "E" Street, San Bernardino.

"WHY BOARD IT" for the handful who want to keep nature's wonders for their own short sighted eyes," asked Mrs. Vera Lamprecht, of 354 Camino Roma, in the letter signed by some 10 supporting Villagers.

Mrs. Lamprecht felt that the Tramway project has "intrigued" traveling people and the long-waged dispute is sure to make the state a target of ridicule throughout the nation.

ATTACKING THE conservationist-sponsored bill to repeal the authority, Mrs. Lamprecht noted that the Tramway would be a symbol of California progress and, in fact, should carry the name of "The Golden Bear Tramway."

The letter was mailed to Assemblyman Albert Stewart; Ernest Geddes, Frank Bonelli, M. A. Burke, W. S. Grant, L. D. House, and G. Crawford.

New Escrow Organization Planned in State

Organization of a Southern California Escrow Association was the key point of the annual spring roundup of the Riverside County Escrow Association, held at Beaumont's El Rancho Hotel.

Creation of the new association was requested by Marion Atkins, past president of the California Escrow Association.

Association members were also warned of tax problems incurred by subdividers seeking to qualify for capital gains taxes.

Judge S. Thomas Buccarelli pointed out that property owners subdividing for profits pay straight income tax on some types of subdivisions. Potential subdividers were warned to confer with tax experts before embarking on any such project.

NAOMI MYRICK

DELIA ARVIDSON

Spring Fete to Follow April Music Festival Concert

Following the Sunday afternoon April Music Festival Concert at 4 o'clock, April 7, when three artists of international fame will be heard, a Spring Fete Dinner will

take place at Deep Well, honoring the Festival artists.

Reservations for the Spring Fete are now being accepted at the Music Society Office, 174 North Palm Canyon Drive.

NAOMI MYRICK, brilliant contralto artist; Laurindo Almeida, guitar, and Martin Ruderman, flute, are the stars presenting the second Festival concert on Sunday afternoon at the Jewish Community Center. Miss Myrick will have the assistance of Delia Arvidson, pianist, who will play the Bosendorfer piano imported from Vienna.

Miss Myrick has had a distinguished career in opera, concert, oratorio, light opera and radio. She sang the leading contralto role in the Hollywood Bowl performance of "The Bartered Bride," and has appeared with the New York Opera Comique and Cosmopolitan Opera Company. She recently sang the contralto lead in the world premiere of the Ethel Leginska opera, "The Rose and the Ring," in Los Angeles.

MISS MYRICK has chosen to sing for the Festival program, a group of Brahms and Strauss songs, a Tschaiovsky aria and songs in English by Rachmaninoff, Watts and Berger.

Pianist Arvidson has won renown as soloist and chamber music player. The appearance of these two artists is a high point of the April Festival.

ENJOYING THE FESTIVITIES at the opening of Desi Arnaz Western Hill Hotel at the press preview Friday night was Mrs. Dolores Arnaz, Desi's mother. She watched the events of the evening with interest, and on being asked how she liked the new hotel, said, "I really like it, I think it's very beautiful." The hotel is now open to the public. Area Cancer Fund Campaign Starts, Mrs. Jones Chairman

The big Cancer news today is that one out of every three persons stricken by the disease can now be saved, according to Mrs. Boynton F. Jones, who will head the Palm Desert-Rancho Mirage areas for the 1957 Cancer Crusade.

This, she said, is the greatest inspirational force motivating American Cancer Society volunteers in the month-long educational fund raising drive which started in those two areas Monday.

"UNTIL RECENTLY, the best we could hope for was a cancer-cure rate one-in-four," she said. "But, thanks to great progress in cancer treatment, as well as in educating the public to the importance of early detection, one-third of all cancer patients are now being saved. That means an additional 30,000 Americans lives restored to usefulness every year."

Mrs. Jones said that educational goals are as important as monetary goals in the current drive. "One of the major aims of our campaign," she declared, "is to urge everyone to learn the simple

facts about cancer, and to encourage the habit of getting regular health examinations as an aid to early detection of the disease. Our campaign slogan is, 'Fight Cancer With a Checkup and a Check.'

The NEED FOR funds with which to combat cancer with programs of research, education, and service is also very great, Mrs. Jones pointed out. This year's national goal is \$30,000,000, of which at least \$9,000,000 will go into research alone.

Other volunteer workers assisting Mrs. Jones are Mrs. Clayton C. Singer, Rancho Mirage, co-chairman; Mrs. Isabella Belyea, drive treasurer, Mrs. Kay Olsen, Mrs. Carl Henderson, Mrs. Pete Pierson, Mrs. Gil Cornelius, Mrs. Kenneth Eckert, Mrs. Fran Barr, Mrs. Ralph Caplinger, Mrs. Fred Stretch, Mrs. E. C. Schill, Mrs. Harry Donivan, Mrs. Fred Blades, Mrs. Belle Keightley, Mrs. Andrew Moseley and Art Fields of Palm Desert; and Mrs. Shirley Proffitt and Mrs. William Boland of Rancho Mirage.

Neblung Named Reserve Officer

According to Capt. Orest Johnson, supervisor of the Reserve, the unit again has a complete complement.

The present officers are Merideth Helm, captain; Louie Kraft, lieutenant; Julie Edelstein, sergeant; and Leo Cruse, sergeant.

Each sergeant is in charge of a 15-man squad.

Desi Arnaz' Luxurious Western Hills Hotel Officially Opens to Public With Spectacular Preview Parties

New, luxurious, Desi Arnaz' Western Hills Hotel opened its doors to the public this weekend, and became another example of growth in the ever developing desert area.

Early Friday afternoon a special plane left Los Angeles bringing newsmen, celebrities of television and screen, and many distinguished guests to the Palm Springs airport, where they were entertained while they awaited turns for helicopter transportation to the million-dollar hotel which nestles at the edge of the desert near the Santa Rosa mountains, bordering on the beautiful greens of Indian Wells Golf Course.

As the helicopters dropped down on the greens of Indian Wells Country Club, the guests were met by Desi Arnaz, General Manager Frank Bogert, and operators of the Western Hills hotels, H. S. (Hank) Green, William T. Green, and Anthony N. Carvalho.

A cocktail party and tour of the new hotel preceded the lavish buffet that was served to 800 persons. Lt. Gov. Harold J. Powers, a frequent visitor to this desert area, was taken on a tour of the new resort hostelry by Bogert, and was amazed by its wing-shaped splendor.

DESI ARNAZ' Western Hills Hotel keynotes extra privileges and special features, with every thought given to the comfort and enjoyment of the guests.

The individual comfort of each guest is assured by separate air conditioning units in each guest room, and is one of the hotels in the Palm Springs area to be fully air conditioned. Private patios assure complete privacy for either sunbathing or dining, and each one overlooks the 70 foot swimming pool. There is a movable television set in every room.

THE HOTEL OFFERS the golf privileges of the Indian Wells Country Club, and the course is as close as the electric carts which await the guests to transport them in a few minutes to the first tee. There is a putting green adjoining the hotel.

All other forms of entertainment, from horseback riding to ping pong, badminton, shuffleboard and horseshoes are available, aside from both indoor and

outdoor polo fields nearby. Interior decoration of the luxurious hotel was done by Claudio Guzman of Desilu Productions.

ENTERTAINMENT at the opening was furnished by the famous Desi Arnaz Orchestra, (and Maty Malneck's Orchestra), and Arnold introduced guests to the stage above the sunken bar.

Palm Springs Mayor Florian Boyd presented a "key to the city" to Arnaz, and Bill and Hank Green.

At the conclusion of the evening's festivities, guests were transported back to Palm Springs where their plane awaited to return them to Los Angeles.
